(Defendants)

Seeking \$15,000,000 in relief

Statement of Facts:

I was approved for PUA benefits in the amount of 29,600 dollars which I immediately returned to the Dept. of Unemployment Assistance when it was later determined I was ineligible. There were no instructions on the PUA website on how to

Case 2:23-cv-10851-DJC Document 1 Filed 04/19/23 Page 2 of 3
return the money. A year later PUA said their was
a collection for the money, I sent a copy of
the receipt to various individuals & organizations
in the hope of resolving the issue, but the DUA
said they never recieved the money. Not until
I had put the PUA on the phone with the
bank, which they initially refused, was I given
the document to prove this money was returned
after hundreds of phone calls, unable to speak
to a live agent at any organization, I was
finally able to show the cashed check to
the PUA. The following year the nightmare
began again as now the DUA reported the
money I returned as income to the IRS
& State. Again unable to reach anybody
at any organization because of their automated
phone services, I eventually spoke with
several individuals in this regard, who placed
the blame on other individuals, and said I
would have to jump through even more
hoops to resolve the situation. The IRS
wrote me a letter, and I responded with
the proof that I don't owe them money,
they immediately said they needed more
time, but took my tax returns and paid it

to the state, on money that was misreported,
and 'returned' the ~~following~~ previous year. Just recently
I recieved a letter from the IRS, denying
that I disagreed with the income changes.
I did the right thing years ago, and I
am being harrassed financially, and undue
hardship has been placed on me, as I
was counting on my tax returns to pay
my bills. (see exhibit A)
